Principal’s Message
Welcome to another busy week at Seaham Public School. We currently have a group of students performing in Starstruck in Newcastle. Thank you to Ms Atchison and Mrs Bowman for their efforts in preparing and organising this group. Well done and best of luck to all performers involved. We know it will be a very rewarding and exciting few days, culminating in the final performance on Saturday night.

It looks like staffing are moving on filling our vacant teaching position. I will be contacting them today and should have news to report in next week’s newsletter.

Reporting and Interviews: Reporting and Interviews are approaching rapidly. All reports will go home in week ten.

At this stage 2/3R reports are on track to go home as normal. Ms Lowcock has been working hard gathering assessment data completed by Mrs Reilly and finishing off general comments. Interview notes have starting going home. If you haven’t received one, it will be sent home early next week. There will be no 2/3R interviews until the new teacher has had time on class and time to get to know the students.

Kindergarten 2016: We are now taking names for Kindergarten for 2016. It would be appreciated if families could please contact the school office to register their child’s details.

ANZAC Assembly: Thank you to our dignitaries, Mr & Mrs Bill Garrett who attended our ANZAC Assembly last Thursday.

Due to enrolled children’s life threatening Anaphylactic Allergic reactions to all nuts and peanut products, we would like to encourage families not to send these products to school with their children. These include peanut butter, nutella, sesame seeds, loose nuts, muesli, nut or chocolate bars or any products containing any type of nuts. We appreciate your support in this matter.
Canteen Roster

<td>Volunteers x 2</td>
</tr>
</tbody>
</table>

Canteen is closed tomorrow for lunches and snacks due to lack of volunteers.
4M Projects: 4M have been learning about early Australia in our unit "First Contacts". As part of our unit students were given the task of researching a structure from the early settlement and building it. They did a wonderful job!.
